**Publication List**

**PEER-REVIEWED PUBLICATIONS (Published or in press) 2007-present:**

56. Lindhoff-Last E, Samama MM, Ortel TL, Weitz JI, Spiro TE. Assays for measuring

67. Alibeik S, Zhu S, Yau JW, Weitz JI, Brash JL. Surface modification with polyethylene

78. Kim PY, Tieu LD, Stafford AR, Fredenburgh JC, Weitz JI. A high affinity interaction of plasminogen with fibrin is not essential for efficient activation by tissue plasminogen activator. *Journal of Biological Chemistry* 287(7);4652-4661, 2012.

**Accepted or in press:**

2. Yeh CH, Fredenburgh JC, Weitz JI. Translational Success Stories – Oral Direct Factor Xa

**Submitted:**

1. Fredenburgh JC, Leslie BA, Stafford AR, Lim T, Chan HH, **Weitz JI**. Zn$^{2+}$ mediates high affinity binding of heparin to fibrinogen via the $\alpha$C domain. *Biochemistry* (submitted).
